Sixteen of Those Aboard the Ill THOUSANDS GO OUT. fated Steamer Reach Port. Iti., Stiffe In Six Cork Beclated Ibis

TELL A STORY OF AWFUL SUFFERING

(5) cmi la pritch to the Transc upf ! Rescued from Their Small Boat by th kanarica After Phirtoen of Their New York, March 20 .- I be steam fatter strike wherein between 10 000 and 60 000 men may be involved, was declared this morning when ever 1 100 steam fitters re-Number Had Gone Mad and Plunged Into the See.

(creenock, March 29 -The report trut the steamer Vanarive a British tramp vessel from Newport News, Va for Glasgow had nicked up Va for Glasgow had picked up some of the survivors of the foundered french steamer St. Nazane turns out to be correct. The Yanarry curved agreement betherio evisions television the interestive and the employes would no longer be considered, and that those who here last evening and reported that wished to report for work this morning must sign new rules. The men refused to agu and so the strike is on. Members of had rescued sixteen of those wh had been on the ill-fated steamer and who had towen to a small boat just before the St Naz are went down of to on Vaturday was issued by the bosses because of the sterm fitters striking at the Columbia university haldings and other structures because of the union's Cape Hatteras during a heavy galt. The lookout on the Yanariya sighted a small boat some distance from her dis-playing a signal of distress. She bore down to the boat and soon had the other structures because of the mion's fight with the plumbers' muon over the control of the their lostatic work.

This trouble it was thought would be bettled by arbitration in which Bishop lotter would be tole to. The stem in the decline that in their fight that would be backed up by every building trade represented by a board of walking delegates. The resultings mean a constant of work on every building in the course of election in this city. This would mean that, and from 20,000 to 2000 men will go out. The master of the fitters' agreement controls. able to give the details of the disas or that had befallen the St. Maire they long in Marseilles. Anolas Sauvenel, told a story that agreed in all its interest details with the report of the foundering of the steamer cathed here from the Inned States. The bout which the Ymariva [ched up hid which the Ymariva [ched up hid mgc, Del Val's Mission One of Oreas Improved the control of the States of the Sauvenel, to be compared to the states of the sta which the Youant's coefficient of the contained twenty nine persons but when the studiest sighted it there were only severe alice in it the others having deal from the effects of exposure, and hunger. The survivors were exhausted when they were resulted to have a hand not seen master of the litters' as octamon controls about three-fourths of the steam fitting work done in the city. The association agreement with men did not expire until were estimated when they acre ies used and if the lanne valued not seen the bost that would all have been deed in a short time. The lanarity saw notion, of the other bonts which left the St. August INSURGENT LEADERS CAPTURED spanish Troops Play Rettor With

A Heat Pitiable Spectacle.

Capt Westen the master of the Yamatical modestly tells a very graphic store of the rescue. He says that on March is eight days after heleft Now port News it was reported to him that a dark object apparently flying a signal of districts could be seen some distince of the it once scrutimized it through a marine glass and thought the saw hying persons in a boat. He is not give orders to the man it the wheel to clonge the course of the stame to that she would can down A Bost Pitiable Speciac sition they occupied was captured siter several hours or habting. The Spanish strainer so that she would run down to the windwird of the bott. When the Improve approached the boat it was seen that there were sixteen per-sons in her. The weather was rough and it was a delicate task to bring the member who succeeded General Antonio Mucco in command of the insurgent forces it Punz Del Ro and is considered Those in the best could render almost no estimate in facting their owners on First best could read their owners on First First best of the could be the could be

the lifen faces were wan and hug-nit their cycs were bulging from the coolets and their scint clothing from their society and their scint burg from their nices folls. All were maccondition of the greatest exwhen they teached the leek of the Yaniryi. I wo of the nimber had lost their reason from the ferr blesuf

with Mad and Jumped lato the Sea.

In an interview with care of the officers in described the captaing of the boots when they were alternoung to leave the St Nazure When the boots when they were alternoung to leave the St Nazure When the boots when they were alternoung to leave the St Nazure when the boots when they were alternoung to leave the St Nazure when the boots when they were alternoung to leave the St Nazure which the southers were to have to be to multited by the weather was extremely rough and con timed and to be to multited by the leavest of the pulling man Bondy expects to reven the sentent will providing free that proposed in the St I turn by though a diagranus manoenvie was the only thing possible to do under the encumstances as the keep the horror on my other point of saining would have resulted in the being swamped. As it wis the combing seas followed close upon the stern of he boat and every moment therefored to break about and every moment the encumstancy poured over the ganwales and except soul in the boat was drenched to the skin the following and the boat was drenched to the skin the following the following the following t Went Mad and Jumped lato * to Ses. 130 storn of he boat and eve and this exercise undoubtedly saved the lives of some of the hapless men, for otherwise they might have frozen to death. The salt encrusted on their faces and hunds caused much pan. The suddenness with which it was necessary to abandon the St. Nazare. necessary to abandon the be because make to put a supply of water in the boat. Some of the men withstood the tortures of thirst is long as it was possible for human nature to do so. Then, maddened by the torture to which they then agon; was then worse than ever and in a short time they went mad and jumped into the sea. The strong-est of the men reframed from putting the sea water into their mouths and

prevented by force some of the others from doing so Hope Almost Abandaned.

Words cannot express the agony that was experienced by all. Day afler day they varily scanned the heavter day they vainly scanned the heaving breast of the occan for sight of a sail (fulls flying close to the sna or the breaking top of a wave were frequently mistaken for a gleam of canvass, and finally all hands almost abandonich hope of ever being picked up. On the morang of March 13 the stoke of vist uner was seen streaming in a long line in the distant horizon. For clear time to could not be determined what course, she was

steering, and the men were fairly finance with fear lest she should not sight them. The steamer was too far away to allow of a signil from the boat being seen. Ultimately the topmasts lower masts and then the hull of the steamer wance up in full yiew.

Situation in the Mississippi Valority over Committee Vacancies.

Rider's Richard of the steamer came up in full view, and then a signal was set. The men were now maddened with anxiety. At ne moment the boat would be on the one moment the boas which to of a way, when the steamer would be observed and then she would sink into the trough and the steamer would be lost to view. Finally their anxiety turned to hope and then to certainty for it was seen that the stramer was steering for them. Those who were saved had no knowledge of the fate of those who had lett the St. Nazaro in those who had better they parted company with the captain; boat they frequently saw to see in her dropping corpses overboard. Many of those in

boat seemed to be a ving mad

The burylvers. After three days of the best care pos-sible to give the rescued people with the meagre facilities of the straint all of them were able to partake of solid food. Thereafter this progressed from Thereafter thes progressed favorably, but have not yet fully recovered from the effects of their terrible experience. The survivos are Pierre Nicoln, second captain, for econd captain, for econd captain, for econd captain, for econd captain, for experience of the econd captain. main Grand count engineer P Innuenceta third engineer all be-long in Marseilles Anolas Sanvenel, Cuban a passinger, and twelve valors

DUSTPROOF BEARINGS.

Those In This Year's Wheels Will Cause Little Troubis to Riders There is one very great advantage in

Many of the makers and that last year's models were provided with dust proof bearings, but the riders scon found out that they were not, and is a result every man who cared much for his buydle was bothered two or three times a month by the necessity of tuning his wheel spart and cleaning out the cups and the balls. This was done often when it was not notes; ir but the knowledge that dust ind gut could find a way as made it seem necessary with time and patience were wasted in this way and in all probability many a inder got less sat isfaction from his machine than he would have enjoyed if his adjustments hid ilways been seen to by a competent mechanic. However shalled the ama

that of the careful professional

This year there will be no need of
such bother unless the fill be found that
appear nees are altrigible deceiving
for every good wheel now on the market

THE BLACK ART.

Experts at the Wilson.

They were a clover pair Each in his line was an art st One of them was the perenmal Walter H Reed of Providence, K. I, the Boss cracker man who is well known to many North Adams people The other was an unknown recently from India. It was a case of Greek meet-ing Greek. The joyed his Reed among his multiplicity of accomplishments is a mesmerist and prestidigitator of no mean ability. When he learned that his newly members and presiding atter or no mean statis with the service in the great stour among the molecules and the bands friend King had returned from a three years tour among the molecules of a money or labor.

Captain Johnson thinks that when he India, his interest and sympath; were at once enlisted. Mr Reed considers no trip in the interests of his house entirely suc cessful unless he goes back home with some new wrinkles in the black art. Here was a rara avis in the person of a magi-cian fresh from the source of all that is

ewand mystriying in magic They mot at the Wilson on Saturday and on Saturday and Sunday the two gentiemen gave some very striking exhibi-tions of their powers to select and favored audiences Each knew little of the other's special abilities The perennial Reed performed tricks in magic and mesmer ism that were just as little understood and con prehended by the gentleman fresh from India as were Mr king's exhibiwons of mind reads g uncertainable w

ing inventory Pull details of what is the whist playing test. Absoluted blind really transpiring in the company are folde and all powers of sight shat off he played his own cards with discrimination and ability but also showed a princt accepted and if people having myll be ally accepted and if people having myll my in that line to contribute will send word to the lodging house it will be tailed for the tails the hood winked magnetin. Captain Johnson is in care that the trained and accepted and if people having mylling in that line to contribute will send word to the lodging house it will be tailed for knew what it is said called that here in the logging house it will be tailed for knew what it is said called that here in the logging house in will be tailed for knew what it is said called that here in the logging house it will be tailed for knew what it is said called the logging house it will be tailed for knew what it is said called the logging house it will be tailed for knew what it is said called the logging house it will be tailed for knew what it is said called the logging house it will be tailed for knew what it is said called the logging house it will be tailed for knew what it is said called the logging house it will be tailed for knew what it is said called the logging house it will be tailed for knew what it is said called the logging house it will be tailed for knew what it is and called the logging house it will be tailed for knew what it is said called the logging have a logging have the logg the player why he did not play such and such ourd which he held in his hand and Getting Ready for the Opening.
